**Petite Sirah / Zinfandel
California - USA**

Petite Sirah is sometimes mistakenly spelled "Petite Syrah," which has historically referred to a small berried clone of the Syrah grape by Rhône growers. Actual Petite Sirah (Durif) was then introduced in 1884

Tasting

Very dark color.

This inky, dark wine boasts classic Petite Sirah aromas of blueberry and dark chocolate with hints of blackberry and vanilla. On the palate, flavors of black cherry and blueberry are complimented by a touch of caramel.

Refined, silky tannins linger on the finish. This rich wine pairs well with braised meats, grilled lamb chops, and hearty aged cheeses.
